Dear Parent,
It's all about your child.

Choosing a good school for your child is a decision you must not leave to chance.

You need to choose a school that can help your child learn, grow and develop into a well balanced young adult.

We know how important this decision is to you as a parent and we have compiled a directory of some schools you may wish to know more about. The entrance exam guide presents you with good schools from various parts of the country.

It makes it easy for you to make your enquiries, schedule visits and speak directly with people who can help you make the correct decision. You can also log on to the website of the schools and download admission forms. Should you require any assistance as you browse through our directory, **Please email: info@edumarkng.com or call: 07093175270, 07093175189, 08028399138**

Watch out for our advisory tips in the weeks ahead: Our next column would focus on: **THINGS TO LOOK OUT FOR ON YOUR SCHOOL VISIT.**
