Methodology

The National Bureau of Statistics publishes Trade statistics report quarterly. Trade statistics compilation by NBS is largely from secondary data sources.

Data Sources:

The data sources for the compilations include; The Nigerian Customs through the Nigeria Integrated Customs Information System (NICIS), Nigerian National Petroleum Corporation (NNPC) and various oil companies in the upstream and downstream sectors of the oil industry, Nigerian Ports, Petroleum Products Pricing and Regulatory Agency, Nigeria Liquefied Natural Gas Ltd and Central Bank of Nigeria.

Validation & Quality Assurance:

After collecting data from the above sources, it is verified for outliers, Data validation is undertaken through a sample of the various Nigerian Customs outposts in Nigeria. Equally, regular visits are paid to the various outposts of Cobalt International for export validation using the extensive NBS field network. Weight harmonization is carried out through the various entry posts of imports and exports in Nigeria.
